Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Discussed amending the claims to overcome 112 rejections. Applicant's submitted proposed amendments thru fax do not clear all issues with regard to MPEP 2114. As example the term "loadable" does not positively recite that data in a cartridge script is loaded in a wireless computing device. Applicant's disclosure of "cartridge script" should not be repugnant even though applicant can be their own lexicographer. Applicant proposed to make substantial amendments to the claims which amendments will be reviewed upon filing an RCE. Agreement to review amendmednt does not convey in any way that the claims are allowable over the prior art..
